## Plans For National Stamp Week

STAMP clubs throughout the country are laying plans for the celebration of National Stamp Week and if the preparations being made thus far, with what meager leadership has been given are any indication of the possibilities of a National Week of this character it should be apparent that a concerted and well directed effort toward a Nation Wide Celebration each year in the future will have the hearty support of collectors and clubs throughout the country.

It is time to begin now to perfect an organization for the annual observance of this week. Linn's Weekly has no wish to attempt to steal the laurels from the Gateway Philatelic Society of Chicago, original proposers of National Stamp Week, yet to make the week the Annual National Event that it can become, will need an organization which will devote some time and thought to the event throughout the whole year and lay plans that will assist the hundreds of smaller clubs and isolated collectors in a fuller observance of this week.

Linn's Weekly stands ready to offer its services as the National Clearing House for the annual observance of National Stamp Week. With the sanction of the various stamp clubs and collectors who plan celebrations for this year, Linn's Weekly will begin at once with plans for next year that will permit the participation of all stamp clubs and assist them in the observance of National Stamp Week.

We earnestly invite letters from Stamp Clubs throughout the country with this thought in mind and if the response justifies we will begin at once with plans and preparations that will assist all clubs in a cooperative manner.

Numerous letters are at hand telling of the plans that are under way by various stamp clubs and while to do

justice to all is impossible, it is believed that a full outline of the plans of some outstanding clubs will assist as a guide to others. At the same time mention of a number of the events in other parts of the country shows the extent of interest in this National Stamp Week.

"National Stamp Week will be brought to the attention of the public in Los Angeles by means of a large stamp exhibition which will be held at

annual stamp exhibition of the city Department of Playgrounds and Recreation, to stage the exhibition by having its members display their stamps. The Society voted unanimously to accept the invitation and every effort is being exerted to make this one of the finest shows ever held in southern California.

As the museum officials believe the primary objective of National Stamp Week should be the education of the general public in matters philatelic, and that dissemination of information should be confined to elementary subjects, they have requested that only single postage stamps be shown, preferably in sets. It is not desired that highly specialized collections be shown, nor covers, revenues, sidelights, etc. However, the specialists will have their day in court, so to speak, as the officials have kindly granted permission to continue the exhibition for an extra week, the second week being without restriction as to material exhibited.

As the Southwest Stamp Society is the largest stamp club in southern California it is expected that an excellent representation will be had. The Society plans to have one hundred frames of stamps on exhibition and as there are many general collectors in the membership nearly every country will be represented. The museum will provide plenty of space and will have a day and night guard in attendance.

The Los Angeles Museum is a modern structure in Exposition Park overlooking the beautiful sunken gardens and is visited daily by many hundreds of people. An excellent attendance is expected at the exhibition."

Over in Lansdale, Pa., the Montgomery Stamp Club will hold an exhibition on November 6, 7 and 8th for National Stamp Week. All collectors

### Michigan Stamp Design

Official announcement of the new Michigan Stamp Design follows the style of the LINPRINT Cover that has been offered for first day covers, and the new stamp will carry the state seal of Michigan in the center with the National emblem at the left with a forest and lake scene between; at the right the state flag with an industry and commerce scene. Across the top "1835-Michigan Centennial-1935." The stamp will be of horizontal form and of the large size.

Los Angeles Museum from November 4 to November 11. Museum officials have enthusiastically adopted the idea of an annual stamp week and it is desired that the initial local recognition of this national event be a fitting criterion of future celebrations of National Stamp Week.

It was decided that the event could best be utilized to contribute to the stamp-consciousness of the public by having a large instructive exhibition of stamps in the museum. In furtherance of this project an invitation was extended to the Southwest Stamp Society of Los Angeles, sponsor of the

in the vicinity are invited to exhibit and details may be had by addressing Mr. Chas. A. Bateman, Morris Road and Walnut Sts., North Wales, Pa.

At East Aurora, N. Y., the East Aurora Philatelic Society will hold its first annual exhibition at the Roycroft Inn, on the evening of November 4th. There will be a program of speakers and a buffet luncheon will be served. It is expected that about 200 collectors from Western New York Clubs will be in attendance.

The Newly organized "Collectors Club" of Kansas City, Mo., a Branch of the S. P. A. will hold a stamp bourse and public auction on November 9th at the Hotel President, 5 to 11 p. m. This event is to be known as their "Fall Philatelic Fair" in honor of National Stamp Week. Thousands of stamps will be on display and offered for public sale and arrangements are also made for the trading of stamps among collectors who attend. All stamp collectors are invited and fuller details can be had by addressing the secretary, Wm. E. Clark, 3724 Penn Street, Kansas City, Mo.

In Stockton, Calif., the Stockton Stamp Club will observe National Stamp Week by holding an exhibition, banquet and auction in the White Room of the Hotel Stockton on November 3rd. Approximately 75 frames of stamps will be shown at the exhibition, from 1 to 5 p. m. Banquet at 5:30 at \$1.00 per plate, auction at 7:00 p. m. It is needless to say that all collectors are invited and reservations for the banquet should be made through A. E. Storm, Publicity Manager.

Thus it is seen that the interest in National Stamp Week is nation wide and it is proposed that some plans be made for a more complete observance of the week in 1936. Linn's Weekly offers to act as a clearing house for this occasion and invites letters from stamp clubs throughout the nation.

### Stamp Club News

The Milwaukee Philatelic Society, Milwaukee, Wisconsin has just issued its annual program for the coming season. A printed program of this nature is a very desirable thing for any club and if more clubs would adopt the plan of scheduling subjects for each regular meeting, much better results would be obtained.

New officers for the year were installed at the meeting of September 17th.

The St. Cloud Philatelic Society of St. Cloud, Minn., was organized on Friday, September 7 at a meeting held in the Public Library. Officers for the year were elected. Meetings will be held on the first and third Friday each week. Interested collectors can address Jerry Kinsella, Secretary, for further information.

At the annual meeting of the New Haven Philatelic Society, new officers were elected for the coming season: Dr. E. S. Rademacher, President; Mr. Henry Hauser, Vice-President; Mr. Carroll Alton-Means, Secretary; Mr. Harry B. Keffer, Treasurer; Mr. Donald Hilton, Auctioneer.

The Evening Ledger Stamp Club of Philadelphia, which meets in the Public Ledger Building at Sixth and Chestnut Streets will be entertained with a Travel Talk and Motion Pictures on the National Parks by Mr. James H. Bartlett at its meeting of October 18th. On the 25th, will be Stamp Editors Night at which time there will be talks by George Hennehofer, Eugene Pollock and S. Farher.

At the meeting of November 1st, Mr. Jerome S. Marcus will display his famous collection of Switzerland.

Ye Olde King's Highway Stamp Club, Noroton, Conn., founded in 1930, has elected officers as follows: President, Schuyler D. Wardwell, New Canaan; vice-president, Charles I. Corwin, Rowayton; secretary and treasurer, Milton Malkin, 1 Jarvis Street, Norwalk; board of governors, Frank Jamrozy, Stamford; Alfred Langer, Glenbrook, Edward Golden, Noroton; and William Warner, Noroton.

### Toasty Rents Gambling Casino

Word is at hand from Herman Toaspern, New York Auction Specialist that after October 1st he will be located in new quarters at 8 West 47th street. This is directly across the street from the famous Bretano book shop and the address was formerly that occupied by the gambling casino of the late Richard Canfield, where millions of dollars changed hands over the green baize tables.

Inquiries regarding U. S. Issues will be answered in this column. If a personal reply is desired enclose a stamped and addressed envelope.

Mr. Daniel V. Brodhead asks us for the best method to use in gumming sheets of the Farley issues to use as postage. Frankly, we find it easiest and cheapest to let the stenographer do the dirty work on each stamp with the glue pot. However, if you have a very large quantity, inquire around your locality for some printer or paper box maker who has a gumming machine. You will find the cost per sheet for gumming will be very low and a lot less messy than trying to do it yourself.

The new catalogue is out and U. S. issues have risen quite satisfactorily although new pricelists in some cases show figures already over catalogue quotations. All we can say is that there are over 100 more pages this year but it does not weigh any more and does not seem to be any thicker. They must be using a bit thinner paper. Which reminds us of that old story about no matter how thin you slice it—it is still baloney.

### HEARD AND SEEN IN WASHINGTON

Heavy orders from all parts of the country for the Boulder Dam stamp have made it necessary for the Post Office Department to request an additional printing of 25,000,000 stamps. As ordered at the present time, including this addition, the issue would be 75 million stamps.

As mentioned last week, twelve plates have been made for this stamp, all flat plate, bearing consecutive numbers from 21455 through 21466. It is understood that only the first four numbers were available at Boulder City on the first day there. However, on October 1, the day the stamps were put on sale at the Agency, eight plates in all positions were available, 21455 through 21462.

It is hard to state just how the centering is running, however, all the stamps your writer handled on that day seemed to rate way above average, with no stamp in the entire lot having the perforations touch the design, and most of them satisfactory for album material.

Late in the afternoon, one of the junior collectors in Washington, picked up a sheet of stamps of this issue bearing a decidedly fine paper crease, running crosswise of practically a whole row of stamps. When stretched open, the white space was of a width that immediately claimed attention.

### Yosemite Panes

Issued at Omaha, Nebraska, scarcely a year ago, the little Yosemite souvenir pane has sung its swan song. On October 1, this little item was removed from the Agency lists. This souvenir pane probably caused as much commotion as any stamp that has been issued recently. Announced in a hurry, and put on sale within eight days of the announcement, should have been enough. But the supplies at Omaha (who remembers) were not sufficient to last throughout the day, and the cancellation of October 10 was carried through the following day to allow additional supplies to reach that city from Washington. About the same time, considerable grumbling and protesting against issuance of souvenir panes was being heard and this little green sheet was destined to be the last of its kind (or so it would seem). Nevertheless, in spite of the so-called unpopularity of imperforate souvenir panes, collectors bought this Omaha issue in such quantities, reprint order after order followed in rapid succession. It is expected that the total number sold will be close to the en-

#### Navy Day—1935

Requests have been received by the Post Office Department for various stamps honoring the Navy or heroes of the Navy. One of the most recent would celebrate the 90th anniversary of the founding of the Naval Academy with a commemorative stamp. The appropriate place of issue would be Annapolis, Maryland, and the date probably would have to be Navy Day, as the actual foundation day is much too close at hand. It is significant that so far this request for the Annapolis stamp has not been turned down. So it will be well to keep the eyes open for any kind of an announcement between now and October 27.

## When Michigan Became A State

A letter from Emil Jahnke, questions the date carried on the Michigan Envelopes which have been issued by IMPRINT Inc. It may be noted that the dates on this envelope are

1837  
1835—1937

We glean from a booklet of the Michigan Historical Commission that the State Constitution was adopted by popular vote on October 5, 1835. This then accounts for the 1935 date which is 100 years after adoption of the State Constitution.

We learn further from this booklet that President Johnson signed the Act of Admission on January 26, 1837.

We would therefore naturally take it that Michigan became a state on this date and that the dates 1837-1937 are significant of the 100th anniversary of Statehood.

While the booklet before us argues the various points from different angles, facts are facts and it is evident from a reading of the pamphlet that there is much question in the minds of authorities as to just when Michigan did become a state and this accounts for the difference in dates that will be noted in the celebration of the Centenary of Statehood for Michigan.

## Texas Promised Stamp

The Texas Philatelist is authority for the statement that Mr. Farley has promised a special stamp for the Centennial Exposition to be held in Texas next year. The Texas Philatelist wants to know why only one stamp, as it feels that Texas certainly rates a set of three stamps at least and why not, we have not had such a set for some years and for less worthy causes.

**A NEW DEAL FOR STAMP DEALERS** In further reference to our plans for the future, we have made a careful study of the matter of advertising for the stamp dealer. As we stated in our announcement of last week, we believe that one thing the collectors like to see in their favorite stamp journal is a large amount of advertising with offers of attractive stamps.

In a survey of our advertising accounts over the past several years we have found that our losses have been quite heavy. We are confident that this situation has been similar with practically all of the other weekly publications.

In studying the situation we have become convinced that the reputable dealer who has been paying his bills regularly has been made to bear the burden of the irresponsible people who

have failed to meet their just accounts.

This situation is not apparent in our office alone but is unquestionably the situation throughout the country.

We believe that there should be an organization among Philatelic Publishers, whereby those who persistently fail to meet their advertising accounts should be barred from other publications. Permitting such dealers to continue by whatever method they may be certain unfair to the dealer who does meet his obligations and is competition which the reputable dealer should not have to face.

Without further effort on our part to induce other publishers to agree on a plan which would eliminate the irresponsible dealer, Linn's Weekly will set up a new plan for advertising with its issue of November 2nd.

After that date we expect to eliminate fully 80% of the losses that we have borne in the past several years. By eliminating these losses we feel that we can offer the dealers who pay their accounts promptly, a much more attractive rate for their advertising.

Thus, beginning with November, we will offer a discount of 10% from current transient advertising rates when cash is sent with copy for advertising.

On Contract advertising which includes any contract now in force, we will offer a discount of 5% from the rates shown in the contract form when bills for advertising are paid on or before the 10th of the month following publication of the advertising copy.

All other terms and conditions in the present forms of contract will continue in effect.

Invoices for transient advertising which are to be for charge accounts will be rendered as of the date of publication of each individual advertisement and are due and payable on presentation, without discount of any kind. Failure to pay such invoices promptly as due will be cause for refusal of further credit on advertising and after thirty days such unpaid accounts will be placed for collection.

Invoices for contract advertising will be rendered monthly, as of the date of last issue of the paper in each month and are due and payable on or before the 10th of the following month. When paid on or before the 10th of the month, such invoices are subject to a discount of 5%. Invoices paid later than the 10th of the month shall under no circumstances be allowed any discount.

All invoices are payable in bankable funds. Payments made in postage stamps will be acceptable at our option, yet nothing except straight postage issues will be accepted. Such stamps as Airmails, Special Delivery and other miscellaneous varieties of stamps will not be accepted, and all stamps must be clean mint copies.

C. D. REIMERS CO.  
Flatiron Bldg. Fort Worth, Texas.

When payment is made in postage stamps for amounts over \$1.00 an extra 5% must be added to the amount of the payment to cover our cost in cashing the stamps.

Advertising patrons whose accounts are now in arrears must first make payment in full on past due accounts before being entitled to the discounts here offered.

When a contract advertising account becomes 30 days past due, the contract will be cancelled. This special discount will not be allowed on advertising accounts billed through recognized advertising agencies where the agency discount is taken.

With these new and lower rates we

believe that dealers will recognize the possibilities of the use of regular and larger space for it is the persistent use of advertising space that builds up your business and too often, many offers of much merit are lost through use of space inadequate to properly offer the merchandise.

Contract forms are available and dealers wishing same may have them on request.

Those who have not been using space in Linn's Weekly should avail themselves of the opportunity to use space in our first November issue. This will be our annual birthday number, the circulation will be larger than usual, the paper will appear in an entirely new dress and we plan to add features that will make it more attractive to the readers, throughout the year.

While we have definitely discarded a two color cover as a regular feature, we will increase the number of pages and will use a special design for a front cover that will lend to the attractiveness of the paper.

Advertising copy for this issue must be in our office by October 24th.

### Rural Free Delivery Steamer Cancelation

That there is much of interest in current and recent cancellations is proven by the sight of one in the hands of Mr. R. J. Wagner of the Miami Stamp Co., of Fostoria, Ohio.

We have seen special cancellations used on Rural Free Delivery routes, but never before have we have seen

or heard of such a cancellation used on a Rural Free Delivery Route serviced by a steamboat.

Mr. Wagner showed us such a cancellation on cover a few days ago. The stamp is the ordinary 2c value of the period, the cancellation is of the usual type and within the circle are the following words—DETROIT and ALGONAC in curved line at top. Below this—RURAL—FREE DELIVERY—AUG. 14, 1902 9 A. M.—SERVICE—

S— and at the bottom in a curved line STEAMBOAT.

This appears on a cover from the Star Island House, Star Island, Mich., and is addressed to Fostoria, Ohio.

## New Triangle Stamps

The Superior Stamp Company of Cleveland, Ohio, advise that they have word from the Postoffice Depart. of Mozambique Company stating that a set of ten different commemorative airmail stamps, triangular in shape will be issued October 1st and that same will be in use for one month only. This should give dealers a handsome opportunity to get a new set of fast selling triangles since the last big set of this sort, the Nyassa triangle have become scarce in the wholesale market.

## Airmail News for Cover Collectors

By C. A. HUNTER, Syracuse, Nebr.

### Byrd Tour

Rear Admiral Byrd will be a guest of the Chamber of Commerce on October 24 at Lincoln, Nebr. He will give a lecture and motion pictures of his south polar expedition. No information has been received as to whether a cachet will be issued or not but if no cachet is sponsored, there is a possibility of a privately issued cachet. Anyone wishing to be on the safe side, should send covers to the conductor of this column along with forwarding postage and commemoratives please. See address at top of column.

Hastings, Nebr. has applied for funds to further develop their airport. No dedication news on this as yet.

### American Rocket Flight

On September 23 two rockets invented by Wm. Sykora for the International Cosmos Science Club failed. A number of covers were placed in the rocket on the first attempt and the rocket blew up before leaving the ground injuring one of the attendants. The covers were transferred to a second rocket and this fell apart after attaining a height of fifty feet scattering covers to the four winds. All covers salvaged on this attempt were mailed at the Jamaica, L. I., N. Y. postoffice.

Thus the first rocket mail attempt was made in America. We would like to receive a description of the cachet applied to this cover. Who will give it to us?

### The Army Air Corps Speed Classic

This famous army air speed classic will be held at Selfridge Field, Mich. on October 19, 1935. Several Trophy races will result. A special cachet will be applied to covers using 6c air mail postage and covers will be mailed from Selfridge Field for the first time. The commanding officer of the first pursuit group and an official of the Mt. Clemens Chamber of Commerce will autograph covers. Send covers to Tech. Sgt. Paul Grossman, Selfridge Field, Mich. and don't forget to use commemoratives on your wrappers as the sergeant is a collector himself.

Vernonia, Oreg. dedicated their airport on Sept 21 and 22, 1935. A large pictorial cachet was applied showing a pine tree and cones on each side with a plane at the top. It was applied in blue for the first day and black on the second day and all covers bear the postmaster's autograph.

RAY SHEPARD, . . . 1529 DUXBERRY AVE., . . . COLUMBUS, OHIO

**ARGENTINE REPUBLIC**—The new issue for this country, heralded in our notes of Aug. 17th, was due to be issued, Oct. 1st, the day these notes are being written.

(H. G. Spanton)

**BRAZIL**—Postage Due Stamps. Lithographed, perf. 11, wmkd., Southern Cross. Sheets of 150. Inscription at top of the sheet "Casa da Moeda Emissao de 1935, Oficio n. 241 Machina 37, Agostinho da Fonesca" with signature in black "H. Bernardi", reading from left to right. At the foot of the sheet "Contem 150 selos":

- D4—10r. lilac
- D4—20r. olive-black
- D4—50r. dark green
- D4—100r. carmine
- D4—200r. slate
- D4—400r. deep brown

(R. Roberts)

**COLUMBIAN REPUBLIC**—Provisional. Portrait of Sucre. Perf. 13½ upright format, size 21x27mm., surcharged in two lines in black "12 CENTAVOS":

12c. on 1P. blue

(R. Roberts)

**GERMANY**—Latest Commemorative. Nazi Congress at Nurnberg, of the same size as the recent R. R. series; the design shows a distant view of the ancient castle of Nurnberg, set underneath an arch; above the castle is the German Eagle with outspread wings and holding in its talons a wreath-bordered swastika. Numerals in the upper corners and appropriate wording across the top; wmkd. swastika:

- 6pf. dark green
- 12pf. copper red

(P. F. Koch)

**INDIA**—Ordinarily we would not chronicle a label in this column, but due to the fact that many readers are interested in the Jubilee sets and anything in connection with these sets, we felt this label should be noted. It was issued in support of the Silver Jubilee Fund to relieve distressed and suffering in India in connection with the Quetta Earthquake. They have no franking value whatever and are merely Charity stamps. Surface printed on unwatermarked paper, in sheets of 168 (14 rows 12), perforated comb machine 13½. Rectangular upright format, purple background and white lettering. Crown in center, above in three lines are the words "Their Majesties Silver Jubilee Fund" and below the crown in three lines the words "To relieve Distress & Suffering in India". Value in each lower corner. It will be noted that the apostrophe is between the "M" & "A" of "Majesties"; this is an error that occurs throughout the sheet:

12a. purple

(R. Roberts)

**PARAGUAY**—The new value Air Mail stamp heralded in our notes of last week is already at hand. Triangular format, perf. 12; "Republica del Paraguay" on left side; "Servicio Aeropostal" on right; value figures in each lower corner and between them

### Sheboygan Coil

There exists a pair of Sheboygan B103, owned by a collector in Wisconsin. Several collectors have viewed the pair but the owner has not submitted it to the editor of the catalog, hence it is still unpriced in the 15th edition catalogue. It is interesting to make a guess what the pair will be priced at when it finally is submitted for listing. How much do you say?

### The Catalog

The 15th edition Bureau Precancels. Yes we like the new form of binding. We wish the catalog makers would use bold type on the notes they place at the bottom of each page, especially the one that reads "The prices for single stamps are for copies showing four margins around the design in ordinary good condition." Some dealers it seems fail to heed this notation and put the full tariff on all their stamps regardless of the condition, never failing to add extra for perfect copies.

### From Detroit

Allan S. Armstrong of Detroit submits a big lot of general precancels to look over among which are some very interesting items. One for the book I would say is two 1c PARKS one normal one inverted from COLUMBIA CROSS ROADS, Pa. In a rubber handstamp type between thick bars, similar to U-53 but in three lines. Who knows anything about this place? Another Park a 2c from Barre Vt. in U-120 reading across. Then there was a 2c Lake Placid from Shriver Tex. in U-82. These ordinary ones took my eye, 11c Iron River Mich. U-85, 6c Berrien Springs U-121, 6c Olustee Okla. in a type similar to U-68 but smaller and the top and bottom lines from ornamented border in-

stead of regular straight lines, a 10c from Seattle Wash. showing three Settles on the stamp. It of course was from the mail order type used there but I wonder if this could happen ordinarily or is there an error in the handstamp? The best piece of the lot was a 1c ord. from Oregon Wis. in a type without lines or bars and the letters about the same size as a similar type used by Bristol Va. This is ONE nice precancel.

### The General Catalog

In remounting a collection one comes upon things not noticed in the usual checking over of a catalog. I note that in Boston type 10 there is not listed any 11c 1917 issue items either normal nor inverted, unless I am a little tetchy in the head I have these both. Also came upon a 20c Minneapolis perf. 10 in type 19, and a 7¢ perf. 10 inv. in type 16. One other thing that stands out is handling of the two shades of 12c in the 1917 issue. In Maine and a few other states the editors have listed these as separate items but the balance of the editors have ignored the shade and used only one listing for both shades. After all I believe this is the better way for any thing that tends to increase the number of varieties of precancels is not a help to the game.

### BROADWAY CHATTER

By BI STANDER

In the color comic section of the New York American of September 22nd, a Poster Stamp Collector's Club is a feature of this sheet. There are eighteen educational poster stamps, such as aviation, transportation, ships, invention, peoples, architecture, flags, famous men, famous women, geography, dress, plants, animals, birds, fish, reptiles, insects, leaves. To our mind this club is interesting and instructive.

She came into the postoffice and walked up to the parcel post window in a small town. Sweetly she asked the clerk if she could not borrow the mucilage bottle. It was handed out. The clerk watched her paste two stamps on the heavy parcel post package and she brought the package back to the window. He took one look at the stamps pasted on and said "forty cents please." "Why forty cents!" said the woman with anger. "Don't you see that there are two stamps of 20 cents each?" "I can't see it" said the clerk. "There is nothing on the package for the two stamps have been used before and I advise you to produce forty cents for two good twenty cent stamps for I know that there is a fine of \$100 for using cancelled stamps on packages over again." The forty cents was forthcoming and the clerk with one full sweep of his hand brushed the stamps the woman had put on the package, into a waste basket. Looking up he saw and heard the door of the postoffice slam with a loud bang.

A little Toad was on the road, a searching for a stamp. A Jubilee no less said he and found it at Capri.

The 1.90 and 1.95 of the second set of Venezuela used are the jokers of this set. Watch out for them.

Again Miss Rose Cooper steps into the breach. On account of the accident to Walter Scott, the auctioneer, Rose presided at the sales of the Grace Stamp Company recently and two sessions of the M. Ohlman sale held on successive afternoons. Miss Cooper is employed regularly by Max Ohlman.

The collector was going down the street with just nothing on his mind. Suddenly he stood stock still. Outside of a wine shop were an even dozen

boxes and on each one was a revenue stamp. He hesitated, stepped into the wine shop and said he was a collector and the proprietor was gracious enough to send the man-of-all-jobs out to the side walk to cut the stamps off the cartons as the collector explained that he had no pen-knife with him. He said, however, that when he wanted wine he would remember the favor of the stamps.
